

My lists show a value for Mint, regular releases, followed by a selling price adjusted for the grade/ condition. The selling price may be more if a Promo /DJ copy /Demo, or completely unplayed. The price will be less if not in Mint condition. The majority of my collection are Mint & never played. All the Vinyl were given to me by the Record Companies & have been in my collection ever since. Values & Prices are in U.K. pounds (£)
